September's PNAA Breakfast Meeting a Lesson in Getting the Most out of AS9100 Registration

Brian Simons, a 19 year veteran of Boeing, gave an eye-opening presentation to the participants at September's Breakfast Meeting.

In addition to learning how to make the most of their AS9100 Registration experience, attendees learned how they can help ensure the continuation of the other party certification/registration system. Mr. Simons provided an overview of the AS9104 standard, and stressed the importance of understanding the requirements under which the certification/registration bodies (registrars) operate.

Mr. Simons will be providing us with his PowerPoint presentation, which contains a great deal of helpful information and links to AS9100/AS9104 resources. We hope to have the required permissions to post it by the end of the first week of October. Click the link to the right to check the status of its posting.

Brazilian Networking Opportunity – Invitation

October 5th, 2007

PNAA and CTED are working with Trade Development Alliance of Seattle (TDA) to coordinate an outstanding opportunity for you to meet with an inbound Brazilian Aerospace Delegation.

The aerospace group includes **Henrique Rzezinski**,

[Click here](#) for more information or to register for TDA's public program – ***Business Opportunities with Brazil***

[Click here](#) for more information

Vice President for External Relations of EMBRAER. Also included in the group are representatives from: **Frulli, Tracker, HTA, Phoenix, GMP Marcato, Finternos and COMPSIS.** The stated purpose of their visit is to look for potential partners in our region. See attached info on the companies that they provided for us.

You have two opportunities to meet with the delegation, depending on your availability, on Friday, October 5th:

- (1) The TDA will have a public program featuring the entire delegation at the [Rainer Club](#) from 8:00 to 9:30 a.m. This program has a \$20 charge and a RSVP is required.
- (2) The **Aviation Sector networking session is FREE.** It will be held at the Offices of TDA, [1301 5th Ave., 25th Floor](#) and will run from 10:00 to 11:30 a.m.

If you have any questions you may call Bill King at 206-256-6128 or 206-369-6988.

on the Aviation Sector Networking Session
