

FOR IMMEDIATE RELEASE

The Pacific Northwest Aerospace Alliance Awards over \$31,000 in Scholarships at the 2023 Annual ADVANCE Aerospace Conference

The Pacific Northwest Aerospace Alliance recently hosted an incredible event that showcased the best and brightest in the aerospace industry. The 22nd Annual Aerospace Conference in Lynnwood, WA was a celebration of innovation, dedication, and hard work that brought together speakers, professionals, leaders, and top analysts from all over the globe.

PNAA was able to award over \$31,000 in scholarships to 26 northwest students pursuing aerospace education. These scholarships represent a commitment to workforce development and a dedication to ensuring that the next generation of aerospace professionals are well-prepared to take on the challenges of the industry.

PNAA and ten industry businesses contributed to PNAA's Scholarship Program this year. Moss Adams, inTech, Orion Industries, Silicon Forest Electronics, Pacific Northwest Law Group, ProShop ERP, SPEEA, Aero-Plastics, SEKISUI Aerospace & ThyssenKrupp Aerospace collectively donated over \$31,000 in scholarships, with scholarships ranging from \$1,000 to \$2,000. The students who received these awards come from eight colleges and universities representing a diverse cross-section of enthusiastic new entrants in the industry.

For over 20 years, PNAA has been promoting the growth and success of the aerospace industry in the Northwest through frequent educational and networking events. This event was a testament to the dedication and hard work of everyone involved in the industry. Congratulations to all the winners. Here's to another 20 years of growth, innovation, and success in the Pacific Northwest aerospace industry!
