Karl Fagan Memorial Scholarship

The Karl Fagan Memorial Scholarship was established to honor the life of PNAA board member Karl Fagan. Karl was committed to the mission of PNAA and had a passion for aerospace that was surpassed only by his love for family and friends. The scholarship is awarded annually to a student pursuing an aerospace education at the University Level. PNAA has pledged \$2,500 each year to this scholarship, in addition to outside contributions.

We Need Your Help More Than Ever

With all going on in the world, students and their families are in need of our support at an elevated level. Thank you for your contributions to help them.
