

Providing Manufacturing Solutions
in the Pacific Northwest
since 1988

PNA A AND CNC MACHINE SERVICES PRESENT:

**CNC Machine Services, INC. - Factory Friday:
2021 Aerospace Manufacturing Technology Roadshow**

Featuring the factories that build the CNC and Automation equipment, that you use to build parts.
Episode premieres November 12 through PNA A.net.

CNC & PNA A PRESENTING VIRTUAL FACTORY TOURS FROM:

- Mazak iSMART Factory in Kentucky from the #DISCOVER2021 event
- FANUC America Robotics HQ in Michigan
- Mitutoyo M3 Solutions Center Showroom in Washington
- CNC Machine Services HQ in Snohomish

CNC Machine Services celebrates 33 years as a Manufacturing Marketplace, supporting aerospace machine shops through Machine Sales, Factory Automation, Service, Parts, and Applications Engineering Solutions.

During this Factory Friday, you'll DISCOVER:

- Latest CNC Technology from Mazak, the Global Leader in Machine Tools
- See a Mazak iSMART factory tour, where Mazak Machines build Mazak Machines
- Learn about Robotic Automation equipment and capabilities from FANUC America
- Hear how Mitutoyo Metrology equipment positively impacts your operation's bottom line
- Interviews with the team at CNC Machine Services, detailing their mission of keeping PNW spindles turning

CNC Machine Services' Factory Friday: 2021 Aerospace Manufacturing Technology Roadshow
Airing November 12th - Register for this Virtual Event @ PNA A.net.
